

Naturally Solar

Where will your farm energy bills be this winter?

At Paul O'Brien Solar we are dedicated at giving you and your business the support with your Solar installations.

We offer:

- A free survey, design and quote. (subject to a pre-check of roof suitability)
- Friendly and dedicated Agricultural Account Manager to help from planning, development, install and connection.
- MCS accredited. (The Certification Mark for Onsite Sustainable Energy Technologies)
- Authorised partners of "SUNPOWER" the world's most efficient panels.
- Finance available.

Call free now on **0800 774 7000** to discuss your Solar Requirements for your farm this coming winter...

Yours sincerely

Justin Lewis
Agricultural Account Manager
